**II. Student Discipline Matter**

A certified letter was sent to the student's father on January 22, 2014 informing him of a special called board meeting regarding his child. When confirmation of the certified letter was not received, contact was made with the father via a phone call on January 27, 2014. The father informed the superintendent that he had not received the letter and would be out of state until Friday, January 31<sup>st</sup>. He stated his intent was to complete home school papers. Completed home school papers were received on January 28, 2014 via fax.

The board was apprised of this matter and the student must appear before the board of education before he can reenroll in the Dardanelle School District.

**III. Food Service Discussion**

The board and superintendent discussed in detail the direction of the food service program. The board would like to advertise for a School Food Service Director with appropriate credentials. In addition, they would like to continue forward in the direction of a food service management company. All current employees will continue to be employed by the district, not the management company.
